

NATIONAL Hornbill Conference 2015

Hornbill Survival in Fragmented Landscape

11-13 August 2015 | SARAWAK, MALAYSIA

Conference Date and Venue

11 (Tue) - 13 (Thu) August 2015

Imperial Hotel, Miri

SARAWAK MALAYSIA

Theme

Hornbill Survival in Fragmented Landscape

Objective

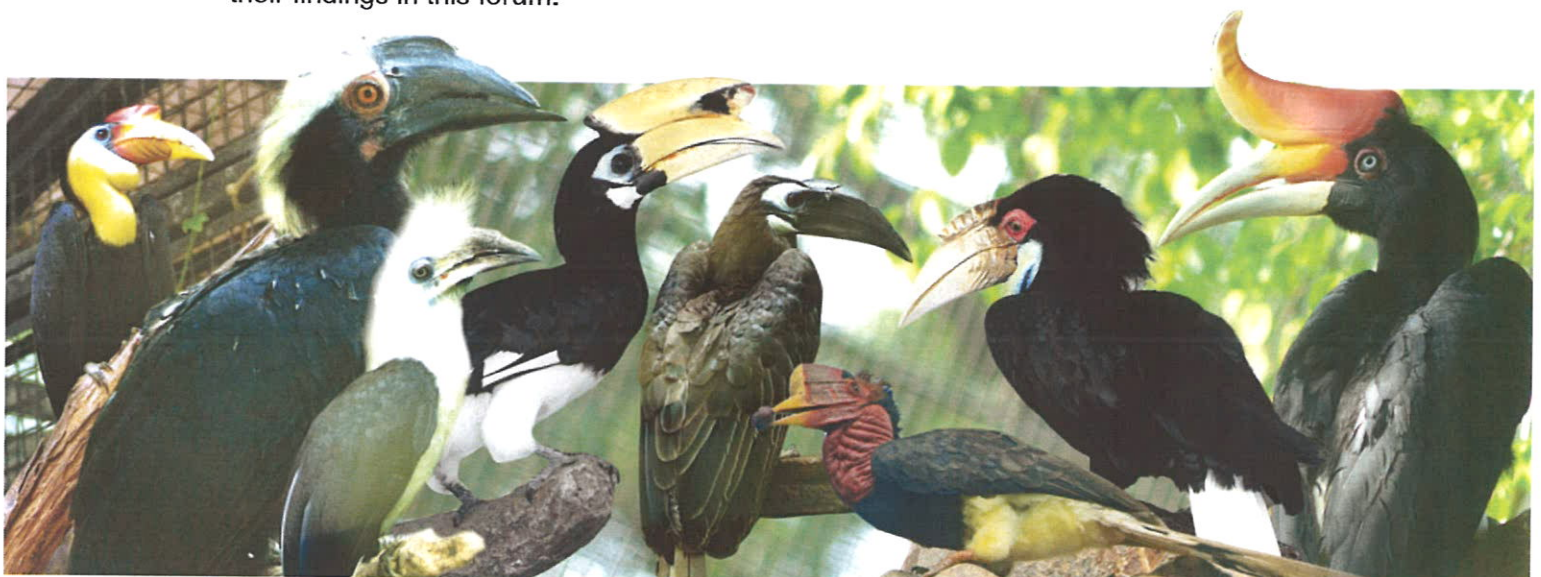

To discuss current status, future trends and challenges pertaining to conservation of hornbills in Malaysia

Background

Hornbills are a group of birds from the family Bucerotidae. Eight species are recorded in Sarawak; Rhinoceros hornbill, Helmeted hornbill, Wrinkled hornbill, Wreathed hornbill, White crowned hornbill, Bushy crested hornbill, Black hornbill and the Oriental pied hornbill. Although not one of the eight species is endemic to Borneo, hornbills are majestic birds of the rainforest and thus are iconic as well keystone species. Hornbills in Sarawak are closely associated with the local communities where it is used as the State official crest.

In building up the momentum for the hosting of International Hornbill Conference in 2017, the committee is proposing a National Hornbill Conference to be held in Miri in August 2015, aims to gather information and to promote the much anticipated 2017 conference among Malaysia particularly.

The National Hornbill Conference will provide a platform for participants from Sarawak, Sabah, Peninsular Malaysia, Brunei and other neighbouring states who may wish to share their findings in this forum.

NATIONAL Hornbill Conference 2015

Hornbill Survival in Fragmented Landscape

11-13 August 2015 | SARAWAK, MALAYSIA

Subthemes

- Subtheme 1** : Conservation Status of Hornbills - Threats, Trade, Population
- Subtheme 2** : Hornbill Biology and Husbandry
- Subtheme 3** : Habitat Fragmentation and Connectivity
- Subtheme 4** : Importance of Hornbills - Ecosystem, Culture, Tourism and Awareness

Keynote Speaker

Dr. Pilai Poonswad

*The Hornbill Research Foundation Faculty of Science,
Mahidol University Bangkok, Thailand*

Name of Confirmed Speakers

Prof. Dr. Andrew Alek Tuen

*Institute of Biodiversity and Environmental Conservation
Universiti Malaysia Sarawak*

Ms. Mok Venia

Cat City Holidays

Mr. Oswald Braken Tisen

*Protected Areas and Biodiversity Conservation
Sarawak Forestry Corporation*

Mr. Yeap Chin Aik

Malaysian Nature Society

Call For Abstract

Abstract submission deadline : 11th May 2015 (Monday)

Full paper (non-edited) submission deadline : 11th July 2015 (Saturday)

NATIONAL Hornbill Conference 2015

Hornbill Survival in Fragmented Landscape

11-13 August 2015 | SARAWAK, MALAYSIA

Registration Fees

Early Bird MYR 250 / Pax

(On or before 11th May 2015)

Standard MYR 350 / Pax
